Notes from Third Grade Music

What We're Learning

Our first unit in music class as third graders involves learning about tones: mi, re, do, and sol. Through simple songs and games, we will spend the first couple weeks of school getting the sounds "in our ear." Soon, we will be able to identify tonal patterns we hear, and then we will be able to learn to read and write those tonal patterns.

Grading: Each activity is graded on a 4-point scale. The final grade in music class is given in a +/- basis, figured on the average of the grades. All grades are posted immediately to Infinite Campus and quarterly assessment reports will be sent home detailing our work. 4 points (+) means that a student can perform a task successfully on the first attempt. 3 points (+) means that a student can perform a task successfully with the help of the teacher. 2 points (-) means that a student was unable to successfully perform the task, even with help from the teacher.

Concert Times!

The Third Grade Music classes will present a winter concert for our families in December. The theme is a musical play called "Bring on the Snow!". Please put these dates on the family calendar. All concerts will take place in the Saddle Peak Gym! Keep watching for more information!

Monday, December 12th: 3rd Grade at 6:00 PM

What We Can Do at Home

Homework will not be assigned in music class, however, there are some really fun things that you can do with music at home as a family:

- Share your favorite songs/artists with your children.
- Encourage everyone in your family to sing, even if it's only along with the radio in the car!
- Dance and move to music whenever possible.
- Third grade is a great time to begin piano, cello, or violin lessons. Please let Mrs. Herdina know if you're interested and she can help you find a teacher.
